NOTE 2: Application portal site (NOUS) will be temporarily unavailable during 12:00-12:20 on Dec 10, 2020 due to the maintenance.

How to Apply

You can apply RCCS resources at [NINS Open Use System \(NOUS\)](#).

Important Notes on User Account Creation and Login

- [Click this link to go to sign up page.](#)
- User accounts of previous system ([imsapply.ims.ac.jp](#)) are migrated to NOUS. If you fail to create new account and an error message including your e-mail address is shown, please try "Reset Password" at the [login page](#). In the "Reset Password" page, please input your e-mail address as login ID.
- Account creation wouldn't be completed instantly due to the verification by administrative staff.
 - (New account creation process won't proceed during the night, weekend, and holidays.)
- Two-step verification is required upon login (unless you can use shibboleth authentication). After approval of your login and password, you will see a button to get your keycode. Once you click the button, the key will be sent to you via e-mail.

Application Procedure after logging in to NOUS

(NOUS web pages are not yet fully available in English. [This explanation pdf file](#) might be helpful to you. Please check it.)

0. You maybe at "My Page".(*A)
1. Click green "new application" button in that page.
2. Choose one from "IMS-RCCS-A-en", "IMS-RCCS-B-en" "IMS-RCCS-shonai-en".
3. Fill the contents of the application form according to the "Guide to RCCS application form" below, and then click "Submit App." on the top of the page to complete the submission. You can save current application by clicking "Save App." on the top. (*A)(*B)(*C)
4. Notification of application submission will be sent to the representative person. Then, print out and fill the [consent form for joint research](#) (*A) and ask the immediate manager to put an official seal. Finally, send the consent form with official seal of the immediate manager [by postal mail](#).

(*A) Please also check explanation pdf file.

(*B) The lifetime of web session is an hour. If you spent more than one hour, unsaved contents would be discarded. It would be better to save the application data by clicking "Save App." on the top of the page. Please also note that application cannot be saved if any of required fields is empty; you might need to write dummy data on those fields temporarily.

(*C) Once the application created, your application will be listed in "My Page". Click "edit" button if you want to modify application. You can submit application by clicking "submit" button in "My Page". After the submission, you can still edit the application till the application deadline. You don't need to re-submit when editing already submitted application. Just saving application by "Save App." is equivalent to re-submission for the already submitted application.

Notes on Application

- [Some examples can be found in this page.](#)
- Reasons/estimates should be specific.
 - X hours are required to obtain a trajectory of XXX using Y CPU cores, and N-trajectories will be necessary for the qualitative analysis. Therefore, we request ZZZ (=X*N*....) points.
 - Single run yields XXX MB of data and we are planning to perform N runs for statistical averaging. Thus, we request ZZZ (XXX * N + margin) of disk space including AAA of margin.
- Please consider the total amount of disk space when you request huge disk space exceeding the standard value.
- Additional resource (CPU points, disk space) request is possible but there are some restrictions.

- In case of Category (B), total CPU points request (initially approved points + total of additionally requested points) must be $\leq \min(15,000,000, \text{double of initially approved points})$.

Guide to RCCS application form

1. Basic Information

Research Project Information	
Representative Required	Click an empty cell and choose representative person from the NOUS user list.
Receipt Number	Automatically added by the system.
Application Date	Automatically added by the system.
Fraud Prevention Required	Check the box if you can agree with the contents.
Application Details	Please read notices in this page.
Various IDs	Fill the IDs if you are former user and you can remember the IDs. Leave them blank otherwise.
Application Types Required	Choose one from "Molecular Science", "Physiological Sciences", "Basic Biology" for "Research Field". For "Application Category", categories (A) and (B) applicants may have only one option. "IMS-RCCS-shonai-en" applicants should choose an item according to your affiliation.
Usage Start Date Required	Input the date directly or using calendar. The start date of FY2021 is 2021-04-07 (Apr. 7, 2021)
Title of Project Required	Input the project title in English.
