Show remaining time until the next maintenace (next-maintenance)

(Last update: Apr 15, 2024)

"next-maintenance" command will show you the time remaining until the next maintenance. (Don't type the first $.)

```
$ next-maintenance
1409:41:49 until next maintenance (2024-06-03 09:00:00)
$
```

This information may be helpful when you submit a long job. The maintenance schedule can be found in this page.
